PSPA

Private School Principals' Association (PSPA), established during the 2019 pandemic, is a distinctive national platform - by principals, for principals - committed to empowering private school leaders through collaboration, continuous learning and leadership excellence.

It brings together school principals from across India to exchange best practices, engage in meaningful professional dialogue and respond proactively to the evolving landscape of educational reforms. As a registered non-profit organization, PSPA champions transformative leadership, fosters innovation and aligns its initiatives with national frameworks such as NEP and NCF. It also nurtures a dynamic professional community that positions principals as influential change-makers in delivering quality education.

PSPA further advances leadership capacity by designing and delivering high-impact executive programs that equip school leaders to lead with clarity of vision, strategic insight and sustained impact.

PROGRAM OVERVIEW

Today's principals are expected to manage far more than academics - from policy changes and team performance to stakeholder expectations and institutional growth. This program is designed to help school leaders move beyond day-to-day administration and become strategic, future-ready leaders, through an immersive learning experience at IIM Ranchi.

- A high-impact IIM Ranchi–PSPA program shaping future-ready principals through self-leadership, vision building and stakeholder influence; aligned with NCF 2023, brain-based pedagogy and effective assessment.
- Strengthens academic and organizational excellence via curriculum design, talent management, team leadership, and strategic use of technology, finance and branding.
- A transformational journey - not routine training - enabling leaders to think strategically, act decisively and drive measurable, sustainable impact in schools.
