Alumni Notice

Migration of Alumni Gmail Accounts to Email-Only User Model

The Institute has approved the revised Gmail Policy for Alumni users. As per the approved policy, all alumni who graduated **five (5) years ago or earlier** will be migrated to the **Email-Only User** model.

Under this model, alumni will continue to have access to their Institute email accounts for sending and receiving emails. However, Google Drive storage and other associated Google Workspace services will no longer be available after the migration.

Action Required

All affected alumni are requested to download and back up any important files stored in their Institute Google Drive before 31st July 2026. Data remaining in Google Drive after the migration may no longer be accessible.

For assistance or queries, please contact the IT Support team at **itsupport@iimranchi.ac.in**.
